Modi Files Nomination

PM's proposers include Chowkidar, Domraja, Sangh Worker and a Girls College Principal

NAMO: ***Prime Minister Narendra Modi after submitting his nomination papers to District Magistrate Surendra Singh at Varanasi in Uttar Pradesh this morning.***

Varanasi, Apr. 26 (UNI)- After a massive road show that resembled a sea of saffron through Varanasi and *Ganga Aarti*, Prime Minister Narendra Modi filed his nomination papers this morning to fight the 2019 Lok Sabha election from the Varanasi Parliamentary seat, the Constituency he won in the 2014 general election by defeating Arvind Kejriwal of Aam Aadmi Party (AAP) by a massive margin of 3.37 lakh votes.

Modi filed his nomination at the Collectorate Office at Varanasi, earlier known as Banaras, in Uttar Pradesh, the Constituency that will vote in the seventh phase of the seven-phase elections. District Magistrate Surendra Singh received the papers from the Prime Minister who was dressed in white kurta and his trademark 'Modi Jacket'. For Modi's nomination, his proposers included a Chowkidar, the son of Domraja (Doms are those who handle the Hindu last rites, cremation, they are Dalit by caste), an old Sangh worker and the Principal of a Girls Degree College.

Prior to filing his papers, Modi addressed a gathering of BJP workers and visited the famous Kal Bhairav temple at Varanasi, also revered as the Kotwal of Kashi. Several top NDA leaders like Bihar CM Nitish Kumar, Shiv Sena Chief Uddhav Thackeray, AIADMK's O. Panneerselvam, Lok Janshakti Party President Ram Vilas Pawan and Shiromani Akali Dal's Parkash Singh Badal accompanied the PM.

Defying age

Feeling young in old age is a privilege not given to more than a minuscule fraction of population anywhere across the earth. However, *acting* young in old age is a different ballgame altogether. Memories of childhood are not easy to come by but those of boyhood days come in a complex mix of good, bad and indifferent. These being not entirely one's own doing, the environment in which one goes through the years of life's journey and what the cohorts in the family, in the neighbourhood, in the school, in places of work-life and subsequently dole out has its enormous contribution to the episodes one recollects with nostalgia, not always welcome in one's mind. Brimming with confidence, thanks to robust health and living in an economic comfort zone, added to a pocket jingling with cash as well as doting parents, youth don't have to bestow attention to what awaits them in old age until they cross the threshold of old age. Not enjoying during prime time amounts to spending later years regretting.

Conduct and ethos to life during the four distinct stages of life are spelt by the land's philosophers of a distant past which don't sound harsh. To be playful with gay abandon free from worries during childhood, to take various attractions in their stride during youth times, to discharge the duties to one's family during adulthood and pursuit of spirituality in old age, as prescribed by the ancient thinkers merit adopting in one's life.

Childhood days of those born with a silver spoon in their mouth as it were and life of children stuck in abject poverty make a study in contrast to the extent of hurting, going over episodes of persons moving from rags to riches and vice versa. Longer one survives in society, more one has to take the brunt of losing not only kith and kin but also lifelong friends as well as well-wishers. Losing bitter rivals as one ages is a different matter, yielding temporary feeling of relief. Oldies make it a point to narrate the life's experiences, particularly the times their elders keeping a hawk's eye on their daily activities, laying down the rigid rules of life with their do's and don'ts. They have no hesitation in insisting that nothing went wrong by conforming to those rules in spirit and deed.

At the end of the day, a typical senior citizen would be delighted if his or her juniors were in full control of the elders. A study by a team of researchers in a German University has found that older adults *feel* younger than their age on days that they are in *control,* a comfortable way of defying age. Where there is a will, there is a way.

EDITOR'S BOTTOMLINE

Children now love luxury. They have bad manners and contempt for authority. They show disrespect for elders and love chatter in place of exercise. These complaints were made by the philosopher Plato, who lived around 450 BC. It certainly makes one wonder whether we will ever learn what we have not for more than 2,500 years. What we have not understood is that children will always be children. We forget that a new-born enters a world that is not only strange but one in which knowledge and advance are constantly transforming old ways of thinking into new.

— Leela Ramaswamy in Deccan Herald

NEWS SPARKLERS

Firecracker celebration kills over 10,000 rabbits

Beijing: A Chinese man, who celebrated the renovation of his house by bursting dozens of firecrackers was recently ordered to pay tens of thousands of dollars in compensation after his firecracker celebration killed over 10,000 of his neighbours' rabbits to death.

House owner named Cai Nan decided to celebrate the renovation of his home set up dozens of firecrackers on the roof of the house and reportedly fired them resulting in thousands of rabbits scared to death.

Cai's neighbour Zhang asked for compensation, and when Cai refused, he took him to the Court.The Judge ruled that Cai was responsible for the rabbit massacre and should compensate his neighbour for his losses and was ordered to pay 440,000 yuan ($65,500) in ten days, but he appealed the decision. But the Xuzhou Intermediate People's Court dismissed his appeal and upheld the first Judge's decision.

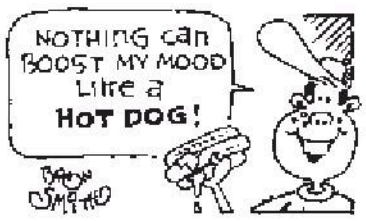
Couple brings dead rainforest back to life

Minas Gerais: Sebastião Ribeiro Salgado, a world renowned social documentary photographer and photojournalist from Brazil his wife, Salgado have nearly completed the recovery of a single uninterrupted section of the Atlantic Forest by planting millions of saplings over the last two decades.

Salgado grew up on a 1,750-acre farm in the State of Minas Gerais and the Atlantic Forest covered half his family's farm. But that wasn't the sight he came home to in the mid 90's. He got 1,00,000 saplings from Vale's nursery and financial donations from governments and foundations and planted the saplings. Over the last 20 years the Valley of the River Doce has undergone a tremendous metamorphosis. Where once were barren hills, there is now a 1,754-acre Atlantic Forest teeming with life.

HEALTH CAPSULE by Bron Smith

What's the best food to boost mood?



For Under-30 adults, meat ranks highest as a mood-booster, according to a Binghamton University study. Those over age 30 ranked fruit the highest as a food to raise their mood, along with eating breakfast, skipping coffee and avoiding sugary foods.

VOICE OF THE READER

Check vehicles for all violations

Sir,

In spite of continuous monitoring by the Traffic Police to inculcate some sort of discipline to the undisciplined road-users, we still find many traffic rule violations — one violation being the registration number plate of the vehicles.

Based on the class of the vehicles, the MV Act (Rule 50, 51 of MV Act, 1989) clearly stipulates the font size of front and rear letters and numerals with clear mention of the dimension and location of both the number plates.

The MV Act clearly emphasizes that fancy lettering is not permitted. The rule also states that other than registration number, no other matter like names, pictures, artworks should be displayed on the number plate.

We find vehicles with fancy letters and numerals in different fonts which cannot be easily deciphered. And many two-wheelers ply without a registration number plate or with a blank number plate.

When a vehicle without an easily readable number plate or with a blank number plate is involved in an accident, since registration number cannot be recorded, riders of the accident causing vehicle will escape from the clutches of law.

Though we have all rules and regulations framed to inculcate traffic discipline, there is a visible lacuna in implementing the rules owing to the lackadaisical approach by the authorities concerned.

While on the customary blind check of helmet-less riders, Traffic Police need to check the vehicles for all other violations also.

Owing to emergency maintenance works, power supply will be disrupted tomorrow (Apr. 27) between 10 am and 5 pm in the following areas: Srirampura, Devayyanahundi, Madhuvana Layout, BEML Layout, LIC Colony, Revenue Layout and surrounding areas, according to a press release from CESC.

Adoption

P.V. Panikiran of Periyapatnataluk in Mysuru has adopted a Jaguar of Mysuru Zoo for one year by making a payment of Rs.35,000 under animal adoption scheme of the Zoo.

Obituary

Mohammed Athaulla

Mysuru, Apr. 26 - Mohammed Athaulla (69), proprietor of Athaulla Motor Garage, opposite Police Public School on Mahadevapura Road and a resident of Gayathripuram, passed away yesterday morning at his residence in city.

He leaves behind his wife, one son, two daughters and a host of relatives and friends.

Namaz-e-Janaza was performed at Masjid-e-Azam on Ashoka Road at 8.30 pm yesterday followed by the burial at the Muslim Burial Grounds near Tipu Circle.

Dhanraj Naidu

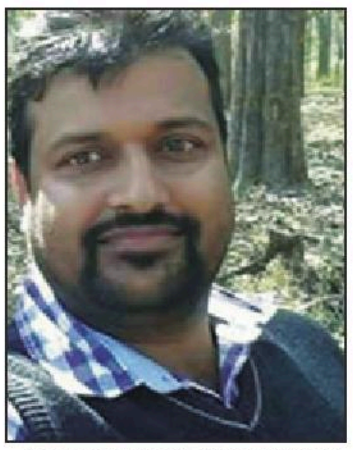
Dhanraj Naidu (69), an employee of the erstwhile Ideal Jawa Factory and a resident of N.R. Mohalla, passed away yesterday night following brief illness.

He leaves behind his wife, two sons, daughters-in-law, grand children and a host of relatives and friends. Last rites were performed at the foot of Chamundi Hill this afternoon.

Lakshmamma

Srirangapatna, Apr. 26 - Lakshmamma (90), wife of late Boregowda and a resident of Palahalli, passed away yesterday afternoon. She leaves behind three sons, three daughters, daughters-in-law, sons-in-law, grand children and a host of relatives and friends. Last rites were performed at the farmland in Srirangapatna this morning.

Mastermind behind murder series finally arrested



Accused Atheeq Ahmed Sharif

- 39-year-old evaded arrest for 10 years
- Nabbed in Bengaluru as Police laid a trap
- Known in criminal world for his brainy job
- Wanted in Kyathamaranahalli Raju murder

Mysuru, Apr. 26 (RK&BCT)- A notorious law-breaker and murder accused, who was on the run for the last 10 years, has finally been arrested by the city Police. So far, he had successfully managed to hoodwink both Karnataka and Andhra Police and he is the mastermind behind several sensational murder cases in Mysuru and across the State border.

All his victims were right wing leaders. The Kuvempunagar Police had laid a trap for him in Bengaluru and arrested him on Wednesday night. He has been produced before a Magistrate last night and the Judge handed him over to judicial custody.

A professional killer

Thirty-nine-year-old Atheeq Ahmed Sharif alias Atheeq Ahmed alias 'Timber' Atheeq, a resident of Erekatte Street in Lashkar Mohalla, had gone underground ever since his name cropped in heinous crimes. It included that of sensational murder of RSS worker Raju at Kyathamaranahalli in Udayagiri in 2016. The murder fanned communal tension and the city was under Police siege for a couple of days.

Police said that Atheeq was a professional killer and he had built his own team. After the potential victim is identified, the team would meticulously study the movements of the victim before the killing. Their planning was so minute that the killers would escape from the crime scene within minutes leaving very less clues to the Police.

After the murders, when the Police launch a manhunt for him, he used to shift places. Atheeq was accused number nine in Kyathamaranahalli Raju's murder case while he had played a key role in the murder of Shashikumar, who owned a gym and who was associated with a right wing forum at Udayagiri in 2008, he was involved in the murder of Ramesh alias 'Vikrant' Ramesh in Lashkar Police limits in 2009. Atheeq was also involved in the murder bid on Giridhar and Ashok Pai, both associated with right wing outfits.

Cases since 2008

The Police came to know of Atheeq after Shashikumar was murdered in 2008 and since then, the Police were on a hot chase to nab him but Atheeq successfully dodged arrest. Shashikumar was running a men's parlour and a gym at Udayagiri and he was hacked to death when he was opening his gym early in the morning.

Tracking the killers, the city Police could not find a shred of evidence and the case was handed over to City Crime Branch (CCB) and later to Crime Investigation Department (CID). Even CID failed to solve the case. With Atheeq's arrest now, the CID is expected to reopen the case.

Murder of college students

Police sources said that Atheeq was the mastermind behind the murder of two college students in Mysuru who were the sons of wealthy businessmen in Hunsur. A gang had kidnapped the students and had taken them to Doddaballapur and had murdered them there.

In 2009, on the second Ashada Friday, right wing activist and BJP leader Giridhar was attacked with lethal weapons in front of his house. Giridhar struggled for survival and later, the State Government financially aided his family and the best treatment was given to him. Fortunately, Giridhar survived. Later when the Police arrested Abid Pasha, Muzamil, Amin and others in the case, they revealed that Atheeq was the mastermind.

Murder mastermind

The same year, right wing activists Ashok Pai and Ramesh were brutally attacked in Mandi Mohalla. While Ashok Pai survived, Ramesh died. Later, brothers Satish and Harish were also attacked. While Satish died, Harish survived. Investigation and arrests revealed that Atheeq was the mastermind in the attack.

RSS Raju of Kyathamaranahalli was the prime witness in the case of kidnap and murder of the two students from Hunsur and Atheeq wanted to eliminate Raju. He hatched a plan and Raju was killed in front of a tea shop in 2016 at Udayagiri.

Known for his brainy job

Ever since Raju was murdered, Atheeq went underground and had even had applied for anticipatory bail in two cases but in vain. He was known in the world of crime for his brainy job, from hatching the plot to supplying required logistics to accomplish any given task. Investigation has revealed that his victims were not only men. He was also involved in the murder of a woman which he planned meticulously.

Hearing the news of Atheeq's arrest, a team of Hyderabad Police has come to city seeking his custody. City Police Commissioner K.T. Balakrishna said that Atheeq is currently remanded in judicial custody and an application will be moved in the Court to take him to Police custody to collect more information about the murder cases.

The Kuvempunagar Police team led by Inspector G.C. Raju nabbed Atheeq along with Police personnel Niranjan and Rajendra.

Sexual harassment charges against CJI Ranjan Gogoi

Former SC Judge to probe 'conspiracy' angle

Ranjan Gogoi

New Delhi, Apr. 26 (UNI)- The Supreme Court has appointed former SC Judge A.K. Patnaik to head the probe into an alleged **conspiracy to frame Chief Justice of India (CJI) Ranjan Gogoi in a sexual harassment case.** The Court has asked the chiefs of CBI, Intelligence Bureau and the Delhi Police to assist in the probe.

The probe was ordered after lawyer Utsav Bains alleged that the CJI was being targeted by "bench fixers" and disgruntled employees as he sought to put an end to the 'cash for judgment' racket.

The Top Court, however, said that the **inquiry will not deal with the allegations of sexual harassment against the CJI.** It said the outcome of the inquiry will not affect the in-house committee which is dealing with the complaint against the CJI.

The Apex Court said that on the completion of inquiry, Justice (retd.) Patnaik will file a report in a sealed cover before the Court after which the matter will be heard again. It also rejected the claim of privilege raised by Bains and has directed him to divulge all information regarding the issue to the inquiry panel.

Asserting that powerful people can't and will not be allowed to run the Top Court, a three-judge Bench led by Justice Arun Mishra said that time has come to act against them. "The day has come to tell the rich and mighty that they cannot run the SC. They are playing with fire," the Court said.

Bains had alleged on Wednesday that two former court masters, sacked for tampering an order in a case related to Anil Ambani, were involved in the plot to frame the CJI together with the female court staffer. Yesterday, he handed over to SC Bench hearing the case a sealed envelope, apparently containing an affidavit to corroborate his charges.

The hearing in this case is being held parallel to the in-house inquiry on the allegations against the CJI, leading to several women lawyers, including senior advocate Indira Jaising, to voice concerns that it could prejudice the proceedings in that case. But the Court has said that the case regarding the "wider conspiracy" will continue and it will not affect the in-house inquiry.

Justice Mishra asked, "What's going on in this country? People in this country should know the truth." Bains in his affidavit filed on Tuesday had also named Naresh Goyal of Jet Airways, claiming there was an attempt to fix a Court Judgment in his favour but the attempt was unsuccessful.

Sixth Graduation Day at Yuvaraja's College

"Science is in our DNA," says Prof. K.J. Rao, IISc. Emeritus Professor

Mysuru, Apr.26 (PM&NNN)- "Science is in our DNA as our country has a tradition of science for eons. Kanaada's *Vaisheshika*, which propounded the atomic theory thousands of years ago and Kapila's *Sankhya* which enumerates components of both animate and inanimate universe are among the treatises on scientific philosophy," said Prof. K.J. Rao, Emeritus Professor, Solid State and Structural Chemistry Unit, Indian Institute of Science (IISc.), Bengaluru.

He was delivering the Sixth Graduation Day address at the Yuvaraja's College Platinum Jubilee Auditorium, here yesterday and said that more people in India talk about Nobel Awards than in the western countries he had visited.

Talking about the rapidly changing world, Prof. Rao said, "We are 7.4 billion humans on this planet and slightly less than a fifth of them — 1.35 billion — live in our country alone. The huge population has given rise to new challenges for our country. We are only 74 per cent literate."

Dwelling on the statistics of Universities in the country and the number of graduates that come out, he said, "According to All India Survey of Higher Education (AISHE) report for the year 2017-18, we have 903 Universities in the country. Of those, 343 Universities are privately managed. There are 39,050 Colleges and 10,011 stand alone institutions catering to higher education."

Further he said, "Total enrolment in higher education is a staggering 3.66 crore (1.92 crore boys.) Those registered for B.Sc degree numbered 51 lakh. 11.52 lakh students were awarded B.Sc degrees in 2017. Among those registered for Science Ph.D were the largest. Total number of Ph.Ds awarded in 2017 was 34,400. Ph.D degrees were awarded to 8,880 students in Science. In Karnataka alone, 3,663 students were awarded Ph.D degrees in various disciplines in 2017."

Pointing to the intimidating number of graduates and Ph.Ds, he wondered, how the country will engage these graduates and asked whether there were opportunities for all of them.

"Unfortunately governments anywhere in the world make no commitment to provide suitable jobs to those whom they have awarded degrees through their Universities. Hence, you have to take up a career which you like, but carry on with it with intense dedication and become top performers in your chosen careers," he advised.

Earlier, University of Mysore Vice-Chancellor Prof. G. Hemantha Kumar conferred degrees to 706 students out of whom 415 were in B.Sc. Chaitra Narayan Hegde bagged the gold medal and several cash prizes in B.Sc.

The Gold medal winners in M.Sc., and MA included V. Ramya in M.Sc., Physics, Sydnemath in M.Sc., Chemistry, M. Prerana in M.Sc., Molecular Biology, R.S. Babita in MA English, B.N. Rashmitha in M.Sc., Mathematics among others. Yuvaraja's College Principal Dr. M. Rudraiah and Controller of Examinations Dr. H.B. Mahesha were present.

Rao and Controller of Examinations Dr. H. B. Mahesha seen with the rank and medal winners at the Sixth Graduation Day of Yuvaraja's College at its Platinum Jubilee Auditorium in city yesterday.

Cinerama'19: National Short Film Fest winners

Prize winners of Cinerama'19 seen with** (sitting from left) **Dr. Ramya K. Prasad, Chairperson, Department of Visual Communication; Prof. C .Vidya Pai, Principal; Aindrita Ray, Cine Actor; Br. Sunil Dharmapal, Director; Br. Venugopal, Correspondent, Amrita Mysuru. Picture right shows Director-Producer B. Suresha interacting with a student at 'PixelKraft' - Portfolio Expo.

Mysuru, Apr.26-Renowned Kannada Film Director and Producer B. Suresha inaugurated Cinerama '19, the National-level Short Film Festival, organised by Department of Visual Communication recently at Amrita Vishwa Vidyapeetham, Mysuru Campus.

In his inaugural address, he traced the growth of Kannada cinema industry and recalled and compared the movies of his early days in the industry. He spoke at length on the importance of having clarity of thought about the story one is trying to convey, and the importance of knowing one's target audience as a film-maker.

Suresha also suggested that Cinema is a large ocean and the film-makers need to acquire the skills to swim in it. Citing a number of examples, he spoke of how even a small budget film can make crores in the box office.

In a 90-minute interactive session which followed, he shared details about the nuances of film-making, which was very informative and rewarding for the students.

Suresha also inaugurated "PixelKraft" exhibition of Graphic and Portfolio works of the final year students at both undergraduate and postgraduate levels.

Actress Aindrita Ray, who was the chief guest at the valedictory function, gave away the awards to the winners of Cinerama '19. The Jury members S. Ravi Shankar, Film-maker and Music Director and Dr. B. Shreekantachar, Producer I, EMMRC, University of Mysore, were felicitated on the occasion.

Br. Sunil Dharmapal, Director; Br. Venugopal, Correspondent; Prof. C. Vidya Pai, Principal and Dr. Ramya K. Prasad, Chairperson, Department of Visual Communication, were present.

Photography: 1st prize - M. Shashank; 2nd prize - S. Akhilesh; 3rd prize - M.K. Imran, according to a press release from the College Principal C. Vidya Pai.

Tibetans take out peace march from Mysuru to Bengaluru

Mysuru, Apr.26 (RKB&SR)- Tibetans living in Mysuru district marked the 30th birthday of their second most important spiritual leader 11th Panchen Lama Gedhun Choekyi Nyima, who was held captive by the Chinese authorities 24 years ago. They took out a peace march from Mysuru to Bengaluru seeking his release yesterday.

MLA S.A. Ramdas and Mayor Pushpalatha Jagannath flagged off the peace march at Kote Anjaneyaswamy Temple.

Gedhun Choekyi Nyima was abducted by the Chinese government in 1995 when he was six years old, days after he was recognised as the 11th Panchen Lama, the second-highest position in Tibetan Buddhism, by the Dalai Lama. His whereabouts have remained unknown since then while the Chinese government nominated its own 11th Panchen Lama, Gyaltsen Norbu.

But most Tibetans are still loyal to Nyima and hope he is alive. There have been repeated appeals from the international community and Tibetans but nobody has been allowed to contact him or his family. Holding Tibetan flags and sporting white caps and white shawls, the marchers walked, singing hymns, on the roads of city towards Bengaluru.

Speaking on the occasion, MLA Ramdas expressed solidarity with the cause of Tibetans in India and prayed for the success of immediate release of their spiritual leader. He also said that India condemned the aggression of China on Tibet and said India provided shelter to all Tibetan refugees.

B.S. Prashanth of Safe Wheels Tours and Travel, Mysore Hotel Owners Association President C. Narayanagowda, Industrialist Urs and others were present.

Over a cup of evening Tea

By Dr. K. Javeed Nayeem, MD

Staying away from Steroids!

The last article I wrote was about how some unscrupulous medical practitioners, both qualified and unqualified, rampantly use a group of drugs called steroids to effect quick miracle cures and impress patients while at the same time endangering and sometimes even completely ruining their lives. After writing that, I have been inundated by phone calls and e-mails from people who are anxious to know how they can protect themselves from this hidden peril. These days even people whom I meet at shops and supermarkets and also while I am on my regular morning walk, stop me and ask me what they can do about it! So I decided to write a follow-up article to dispel people's apprehensions and enlighten them about how they can safeguard themselves from treatment that can do them more harm than good.

Let me first make it very clear that steroids do have a very crucial role in the treatment of many diseases as long as they are used by properly qualified doctors who know how to use them. It is only when someone uses them beyond safe doses and durations or in situations where they should not be used that they become harmful. So they are like double edged swords that can do much good in the right hands and also do much harm in the wrong hands. But it is because they are always capable of giving immediate relief from pain and suffering that they get to be misused in medical practice especially by quacks and charlatans. Their misuse has now become so rampant that it far exceeds their legitimate use.

Very often patients themselves are responsible for endangering their own lives because they start medicating themselves with steroids after once tasting the quick relief that can be had from them. In this situation it is a very difficult task for any well-intentioned doctor to wean away such patients from their steroid addiction as stopping their use brings back their pain in double measure. **I do not think I am wrong when I say that almost any medical preparation that is dispensed by anyone who practices any kind of medicine, modern or ancient, which does not have a label listing its ingredients and the address of a reputed manufacturing unit and which yet gives effective relief from some difficult to cure ailments like kidney failure, arthritis, asthma, eczema, allergy or even low body weight and low energy levels undoubtedly contains steroids. Yes, that is the absolute truth.** I say this because it is only steroids that can work like magic in these ailments with all other groups of drugs known to mankind, not being even half as effective as they are.

It is a very simple matter for any unethical medical practitioner to simply grind some cheaply and easily available steroid tablets and mix this powder into a paste of Neem leaves and make tiny round balls which he or she can then dispense as absolutely harmless herbal pills. **For children who may spit out the very bitter Neem-based concoction the very kind and considerate doctor can choose tasteless spinach with a dash of sugar!** With these pills he or she can give you the relief that you yearn for so desperately and in turn earn millions, all in the name of practising medicine that has its origin in the wisdom of our ancient sages!

This is exactly what is going on all around us for which the government of our now quite advanced country has no cure simply because it does not care to implement the many deterrent laws that we already have! In our country anyone who has worked in a doctor's clinic or a medical store in any capacity for just a few weeks and who knows what steroids can do, can become a very successful medical practitioner overnight with a roaring practice that goes on late into the night long after the rest of the respectable world has gone to sleep! So, what can you do to protect yourself from rampant evils like these? Yes, only you can protect yourself and your loved ones here.

Firstly, you should understand that there are limitations to what medicine can and cannot do. While there are some problems which are incurable there are many problems for which satisfactory cures are not yet available. And, there are many ailments for which the results of treatment can be painfully slow. So patients need to be patient ! Secondly, you should always be very wary of anything that is said to give surprisingly quick relief. Thirdly, you should simply avoid touching any medicine that comes without an identity of its manufacturer, irrespective of whether it is Ayurvedic, Unani, Siddha or even Allopathic in its lineage. Every pill that you pop should have all its ingredients listed on its package clearly. Fourthly, even if someone says that he or she is giving you only the so called 'home-made, harmless' pills you should know that they can be laced with steroids or lethal heavy metal salts derived from mercury and arsenic.

I say this because salts of these two highly poisonous elements too can suppress many painful conditions while poisoning you to death in the long run. Instead of accepting the medicine itself without an identity, people should always insist on having a prescription from which they can buy it from a reputed and licensed dispenser. That way they will be able to read the information on the label and know what they are consuming.

Mind you, EVERY PILL CAN KILL ! So never ever accept an unknown pill even if it comes from me ! Having talked about using the right pill for every ill I would like to narrate an amusing incident as a tail-piece.

Long ago, when I was attached to the Holy Cross Hospital in the Veerappan territory when the brigand's menace was at its peak and soon after my two close friends, SP Harikrishna and his deputy, Sub-Inspector Shakeel Ahmed were gunned down by him, I used to have my double barrelled shotgun always standing in a corner of my consulting room as a precaution against any unforeseen eventuality. A Tibetan patient who was about to leave after picking up his prescription noticed my gun and timidly asked me, ***"Doctor Sab, yeh kis liye?"*** I smiled and said, ***"Agar is bar yeh goli kaaam nahin kari to agli baar woh goli!"*** He folded his hands in a Namaste and said, ***"Arey baap re, mere liye yehi goli kaafi hai!"***

Modi Files Nomination

(Continued from page 1)

BJP President Amit Shah, Uttar Pradesh Chief Minister Yogi Adityanath, Union Ministers Sushma Swaraj, Rajnath Singh and Nitin Gadkari were also present.

In his interaction with party workers, Modi urged them to work hard to create a record margin. Congress has named 2014 candidate Ajay Rai to take on Modi in Varanasi. The PM emphasised that friendship and love are important in politics. These traits are gradually fading away he said. "Party workers are real candidates, the mood is festive from Kashmir to Kanyakumari," he said.

Yesterday, Modi took part in a grand road show in Varanasi that saw the holy city turn into an ocean of saffron. Frenzied crowds cheered the Prime Minister as he made his way from the statue of Banaras Hindu University founder Madan Mohan Malaviya to the Dashashwamedh Ghat, where Modi took part in the daily *Aarti* at this ghat on the banks of the river Ganga.

Priyanka Gandhi Vadra has "chickened out" of contest, BJP said yesterday hitting out at Congress for its "juvenile politics" of building up "suspense for an eventual thriller" but ultimately fielding a "political lightweight" to fight the Prime Minister from Varanasi.

Meanwhile, a group of 50 turmeric farmers from Armoor, Balkonda and other rural areas of Nizamabad district in Telangana came to Varanasi to file nominations as Independent candidates.

Asaram's son Narayan Sai convicted in rape case

Surat, Apr. 26- Narayan Sai, son of self-styled godman and rape convict Asaram Bapu, was convicted in a rape case by the Surat Court, the quantum of which will be announced on Apr. 30. Sai was accused of rape by two sisters in Surat.

Narayan Sai

The almost 11-year-old case against Narayan Sai and Asaram Bapu was lodged after the Police had recorded statements of the victims. 53 witnesses were produced against Narayan Sai, prompting him to go underground when the case was registered. He was later arrested in 2013 on the Delhi-Haryana border, two months after the FIR was registered. Sai has also been accused of trying to bribe jail officials of Rs.13 crore, but has managed to get bail.

Among the two sisters, the younger sister has alleged being raped by Narayan Sai after identifying the locations, while the elder sister said that Asaram Bapu raped her.

Doomed Glory?

A Gulmohar tree in full bloom that is standing in all its majesty, perhaps for the last time near the Police Training Academy in city. Sadly, it is likely to be lost in a day or two in the ongoing road widening operation! I wonder if someone can come forward to sponsor the translocation of this tree inside the nearby Government Guest House premises. [Pic. by Dr. K. Javeed Nayeem]

'Students can look at Japan for higher education opportunities'

University of Mysore VC Prof. Hemantha Kumar at interaction session

University of Mysore Vice Chancellor Prof. G. Hemantha Kumar inaugurating an interactive session, organised by International Centre, University of Mysore and Indo-Japanese Chamber of Commerce and Industry (IJCCI), Karnataka at the Senate Bhavan, Manasagangothri, in city this morning as Registrar Prof. Lingaraja Gandhi, International Centre Director Prof. G.R. Janardhana and others look on.

Mysuru, Apr.26 (RKB&NNN)- "The whole world is looking at India as it has the highest youth population consisting of 40 per cent. Hence, the opportunities for youth are tremendous and such interaction sessions being held by the Consulate General of Japan is a welcome one," said University of Mysore Vice-Chancellor Prof. G. Hemantha Kumar.

He was delivering the inaugural address after inaugurating an interactive session on 'Opportunities of Higher Education in Japan, Japan Visa-New Relaxation rules, Japan Tourism,' organised by International Centre, University of Mysore and Indo-Japanese Chamber of Commerce and Industry (IJCCI), Karnataka at the Senate Bhavan, Manasagangothri, here this morning and said that the opportunities for today's youth are plenty.

"There are nearly 600 to 700 foreign students studying in University of Mysore itself and likewise many of the students here are keen to study abroad. Japan has become one of the favourite destinations for studying as it offers the best of facilities. Students must make use of such opportunities which are rare and get the best from the experts present in each field by asking searching questions," he said.

University of Mysore Registrar Prof. Lingaraja Gandhi said that the University of Mysore is a century-old University and it is one of the greatest Universities in the world and added that the students who study here must also look for higher education opportunities in other parts of the world and Japan is one such nation, where the students get the best education.

Ken Furuya Consul-Visa Section, Consulate General of Japan, Bengaluru was the chief guest. Dr. Neelam Ramaiah, Director, University of Tokyo, India Office, Coordinator, Study in Japan Regional Office in Southwest Asia, was the guest of honour. Yuji Ueno, Deputy Director, Japan National Tourism Organisation, New Delhi, Sanjeev Kumar, Manager, Global Sales and Strategies, Japan Airlines Co. Ltd, Reenu Gupta, Advisor Visa, Consulate General of Japan, Bengaluru, P. N. Karanth, Hon. Secretary, IJCCI, Prof. G.R. Janardhana, Director, International Centre and others were present.

Nearly 500 students, many of them engineering students as also from Manasagangothri had registered for the programme.

Forest Dept. permits to cut 48 trees; RIE chops off 88

RIE Farm Superintendent, contractor booked

Mysuru, Apr. 26 (SBD&BCT)- The Forest Department has registered a case against a Farm Superintendent of Regional Institute of Education (RIE) and contractor for cutting excess trees in the campus than permitted by the Forest Department.

RIE Farm Superintendent Gulab Singh and contractor Govind have been booked for felling trees in the institution campus. RIE is a Central Government institution and the institute had sought mandatory permission from the Forest Department to cut some trees inside the campus.

Following mass tree felling two days back, public and environmentalists had raised objections following which Mysuru Deputy Conservator of Forests (DCF) Dr. K.C. Prashanth Kumar, ACF Kripanidhi and other forest officers visited the spot and found that many trees that were not permitted to cut were chopped off.

Speaking to *Star of Mysore*, Prashanth Kumar said that the Department had permitted the RIE to cut 48 trees but the contractor had chopped off an additional 40 trees in violation of rules. A sandalwood tree was found lying on the ground and there is no evidence of the scented tree being cut, he added.

"We have registered cases against Gulab Singh and Govind and action will be taken against them," Prashanth Kumar said.

Six Chikungunya cases detected in district

Normally, death does not occur due to Chikungunya fever but the patient suffers from long-term pain. Now, there are instances of patients being cured in 15 days, but deaths occur due to Dengue and Malaria. The three diseases are spread by mosquitoes.

— Dr. S. Chidambara, District Vector Borne Diseases Control Officer

Mysuru, Apr. 26 (PM&KS) - A total of six Chikungunya cases have been detected from January to Apr. 24 in the district this year. But there are no cases Dengue or Malaria being reported, according to District Vector Borne Diseases Control Office, which is creating awareness among the public about the three diseases being spread by mosquito bites.

Dengue and Chikungunya diseases are being spread by Aedes Aegypti mosquitoes which has bitten a person infected with the disease and will also spread from person to person. But Malaria is spread by the bite of female Anopheles mosquitoes. Female Anopheles mosquitoes pick up the parasite from infected people when they bite to obtain blood needed to nurture their eggs. Inside the mosquito the parasites reproduce and develop. When the mosquito bites again, the parasites are injected and pass into the blood of the person being bitten.

According to the statistics from the District Vector Borne Diseases Control Office, there were 72 cases of Malaria detected in 2012 and from 2017 to Apr. 24, 2019, there are no cases of Malaria being detected. In 2012, a total of 4,22,926 blood samples were collected out of which, 72 Malaria cases were detected. 2013: 4,09,224 blood samples collected – 63 detected; 2014: 4,06,239 blood samples collected – 54 detected; 2015: 4,63,888 blood samples collected – 34 detected and in 2016, a total of 4,70,731 blood samples were collected out of which 43 cases of Malaria were detected.

In 2017: 5,56,674 people, 2018: 6,16,815 and from January to Apr. 24, 2019, a total of 1,47,100 people underwent blood tests and not a single malaria case has been detected. From 2012 till date, no deaths have occurred due to Malaria and the Health Department has the aim of making the district Malaria-Free by 2020.

Dengue cases: A total of five people have died of Dengue in the district from 2012 till date. In 2013, a total of 334 cases were detected out of which three persons died and in 2017, 843 cases were detected, resulting in the death of two persons.

In 2012-15 cases, 2014-65, 2015- 382, 2016-582 and in 2018- 49 cases of Dengue were detected. From January to Apr. 24, 2019, no Dengue cases have been detected.

129th Ramotsava by Ramabhyudaya Sabha - 5

Concert with a pleasing appeal

By Dr. Padmavathi Narasimhan

On 18th April, Srividya Janakiraman presented a vocal concert with Sumanth on violin, Radhesh on mridanga and Vikram Bharadwaj on ghata. A graded artiste of All India Radio, Srividya is one of the leading vocalists of today. Her concert was a blend of known and rare compositions.

'Re Re Manasa Gajananam Bhajare' is a not-very familiar composition of Cheyur Chengalvaraya Shastri in nata. Srividya rendered it neatly. Swaras were intellectually woven for two places in pallavi — Re Re... and Bhajare... Tyagaraja's rare 'Ennadu Juchuno Inakula' in Kalavati was a welcome surprise as it is hardly heard in the concerts of today. Vocalists should sing more of these unheard compositions of Tyagaraja and popularise them.

Varali was developed with melodious phrases and the choice for the evening was Tyagaraja's 'Eti Janmamidi Ha O Rama.' The composition was presented with clarity in sahitya and a neraval at 'Sagara Shayanuni Tyagarajanutuni' but the second charana 'Saatile Neemaara Koti lavanyuni' was left out.

Begade was a very good choice as the raga was not sung by any of the previous artistes on the platform. The vocalist essayed the raga slowly step by step in a scholarly manner. 'Nadopasana' by Tyagaraja was a soothing presentation with a suitable neraval at 'Tantri Laya Swara' though the artiste faltered with the muktaya.

A special feature of the concert was that all the artistes except the main artiste were from Mysuru. Young Sumanth rose up to the expectation, receiving encouragement both by the artiste and by audience. Radhesh and Vikram were not only supportive but also presented a lively taniyavartanam.

Srividya presented a short RTP in Saveri choosing the first line of Swati Tirunal's 'Bhavayami Raghuramam Bhavya Sugunaramam' set to Adi tala. The pallavi was simple and was elegantly presented. Ragas Natikuranji, Dhanyasi and Mohana were chosen for the ragamalika swaras.

Shloka 'Mata Ramo matsakha Raghaveshah' was sung with good pronunciation of lyrics in ragas Simhendra Madhyama and Hamsanandi which then led to Purandara Dasa's 'Alli Nodalu Rama Illi Nodalu Rama.'

Vocalists should avoid referring to the text too often as it gives the impression of lack of preparation to the audience. The artiste closed the concert with 'Rama Ra Seetha Rama Ra' in Khamas.

Week-long Bhagini Ramotsava in city from tomorrow

Ashok and Hari Mysore *Manjunath* *Ustad Rafique* *Chandana Bala*

Satyanarayana *Ravikiran* *Vivek Moozikullan* *Sruthi Sagar*

Mysuru, Apr.26- Bhagini Seva Samaja was established in 1923. It is now under the care of His Holiness Sri Vishweshwa Teertha Swamiji of Pejawar Mutt.

The Samaja is celebrating its annual music festival 'Bhagini Ramotsava' on account of Ramanavami. This music festival is being organised after the other major music Ramotsavas in Mysuru are concluded in order to enable music connoisseurs to attend and enjoy all their favourite music programmes leisurely.

Bhagini Ramotsava begins on Apr.27 and concludes on May 3. Everyday the programme starts at 6 pm at Bhagini Seva Samaja School premises near Ballal Circle, Krishnamurthypuram:

Apr.27: Vocal concert of Bangalore Brothers — Ashok and Hari. They will be accompanied on violin by K.J. Dilip, on mridanga by T. Ravishankar and on ghata by Sharat Kaushik.

Apr.28: Violin and Sitar Jugalbandi by Dr. Mysore Manjunath and Ustad Rafique Khan with Patri Satish Kumar on mridanga and Pt. Rajendra Nakod on tabla.

Apr.29: Chandana Bala Kalyan will present a vocal recital accompanied by K.J. Dilip on violin, A. Radhesh on mridanga and Jayaram on ghata.

Apr.30: K. Satyanarayana will present a keyboard concert with Vitthalarangan on violin, Akshay Anand on mridanga and S. Manjunath on ghata.

May 1: G. Ravikiran from Chennai will give a vocal recital with Gokul on violin, B.C. Manjunath on mridanga and M.R. Manjunath on ghata.

May 2: Vivek Moozikullan will render a vocal recital accompanied by Golul on violin, H.L. Shivakumar Swamy on mridanga and V.S. Ramesh on morching.

May 3: Sruthi Sagar will present a flute recital with Mathur Srinidhi on violin, B.C. Manjunath on mridanga and Bhargav Halambi on khanjira.

—Dr. Padmavathi Narasimhan

Youthful concerts this weekend

Mysuru, Apr.26- Sri Nadabrahma Sangeetha Sabha picks up the young artistes who have secured prizes in the Nadakishorotsava in previous years and subsequently have excelled in their musical journey. This weekend, the Mysuru art connoisseurs can enjoy two such music concerts.

On Apr.27 at 6 pm, Vid. Kartik Narayan from Chennai will give a vocal concert. He will be accompanied by **Mysore M. Sumanth** on violin, **Sai Shiva Lakshmi Keshava** on mridanga and **Sharath Kaushik** on ghata.

The 26-year-old Kartik Narayan was conferred Nadakishora Award in 2014. He had initial tutelage from Vishalam Venkatachalam (disciple of Semmangudi Srinivasa Iyer), Delhi. Subsequently, he learnt under Rajakumar Bharati. Apart from being a B-High grade artiste from AIR, Chennai, he has taken many prizes in various competitions.

Vid. Kartik Narayan

S.V. Sahana

He has also received many awards from prestigious Sabhas. He has been regularly performing round the country receiving appreciation.

On Apr.28 at 5.30 pm, S.V. Sahana from Mysuru is going to enthral the audience through her veena concert. She will be accompanied by veterans **Anoor Ananthakrishna Sharma** on mridanga and **G.S. Ramanujam** on ghata. The programme is in memory of M.H. Raja Rao sponsored by family and friends of Raja Rao who was a long time Secretary of the Sabha.

S.V. Sahana is one of the acclaimed veena artistes of the country today. Born into a family where music is first nature, Sahana is recognised as a musician who is mature beyond her years, who has been constantly evolving and refining her musical repertoire. Being the disciple of M.J. Srinivasa Iyengar, a very senior and distinguished veena exponent, she flowered into a concert artiste at the age of fourteen.

Sahana is also one among the select disciples of the veena and vocal virtuoso, *Padma Bhushan* T.N. Seshagopalan. Presently, she is taking her advanced training under *Padma Bhushan* Dr. T.V. Gopalakrishnan. She is indeed fortunate as she has been able to imbibe the revolutionary and innovative techniques of his style.

On the academic front, Sahana is a Master's Degree holder in Veena (Karnatak music) from University of Madras. She has been awarded the Doctorate in Music from the University of Mysore for her thesis 'Impact of Advanced Technology on Karnatak Instrumental Music: A Study.' She is working as a guest faculty in the Department of Veena at University College of Fine Arts, Mysuru, from the past three years.

She is an 'A' graded artiste of AIR and Doordarshan. She has secured first rank in senior examination and distinction in the Vidwat exam in Veena conducted by the Karnataka State Secondary Education Board. She has published many articles in reputed magazines and newspapers. She has presented seminars in national and international conferences and won many a prizes and awards. She is a regular performer on veena round the globe.

Theatre songs

Mysuru, Apr. 26- Ratnakara Bengaluru & Govinde Gowda and troupe will present theatre songs at the premises of Elder Citizen's Council, Saraswathi Samudaya Bhavana, Jayalakshmipuram, on Apr.27 at 5.30 pm. Krishnappa Gowda will preside, according to a press release.

Parag and Aaron shine

in Rajasthan's win over KKR

Kolkata, Apr. 26- Dinesh Karthik returned to scoring ways in superlative fashion, but it was the young duo of Riyan Parag and Jofra Archer who stole all the limelight with their match-winning cameos as Rajasthan Royals (RR) defeated Kolkata Knight Riders (KKR) by three wickets at Eden Gardens on Apr. 25.

Karthik hit seven fours and nine maximums en route to 50-ball 97 n.o, — his highest IPL score as he propelled Kolkata to 175 for 6 in their 20 overs. In response, Piyush Chawla (3 for 20) and Sunil Narine (2 for 25) reduced Rajasthan to 123 for 6 before Parag and Archer joined hands to add 43 runs in 21 deliveries for the seventh wicket to help RR pull off a stunning chase and keep themselves alive in the tournament. With this defeat, Kolkata have now lost six games in a row.

On a surface offering pace and bounce, Varun Aaron (2 for 20) knocked over Chris Lynn for a duck to ensure Kolkata got off to a worst possible start. Both Aaron and Oshane Thomas kept hitting the length and made life difficult for Kolkata batsmen. It took some time before Shubman Gill and Nitish Rana got used to the pace and crafted a couple of eye-pleasing shots square of the wicket. Just when they were starting to look at ease, Aaron castled Gill for 14 with an inswinging slower delivery. Rana stayed for a while before he hit one straight into the hands of Aaron off Gopal's bowling when he was on 21.

Unlikely heroes Parag and Aaron consign KKR to sixth straight loss.

In reply, Ajinkya Rahane and Sanju Samson got Rajasthan off to a rapid start. Needing 77 in seven overs, the burden fell on the young shoulders of Parag and Gopal. Things however got interesting when Archer walked out to bat and along with Parag. With 9 runs required in the final over, Archer tonked 4 and 6 in the first two deliveries to give his team a sensational victory. **Varun Aaron was chosen as the Man of the Match.**

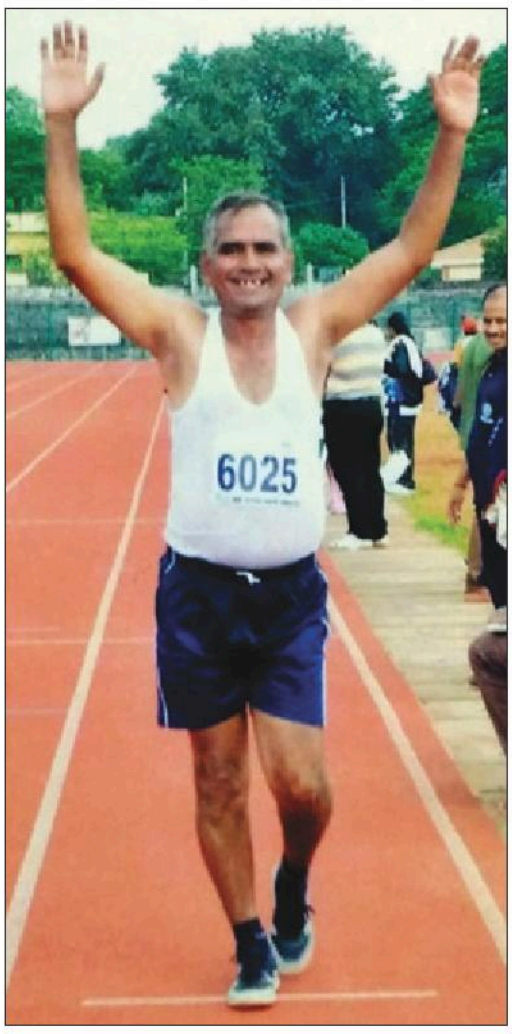
This veteran athlete-cum-auto driver is an inspiration to youngsters



Mysuru, Apr.26 (MK&NNN)- An autorickshaw driver, who is a veteran athlete, has become a role model for others by his achievements at the national and international level.

The veteran athlete **Vishweshwara Aradhya Diddapura,** 67, a resident of 11th Cross, Ramanuja Road, who is an autorickshaw driver, in his spare time practises hard in several disciplines like speed walking, road race and discus throw, thus putting to shame several youngsters with his achievements.

Diddapura, who was interested in sports from a young age, became a member of the Mysuru District Masters Athletics Association in 2013 and won two silver and two bronze medals in the State-level competitions held in several districts.

Inspired by these wins, he started training under Subba Shetty (Police Subbanna) and was guided by District Masters Athletics Association Secretary P.G. Sathyanarayan. He has participated in the Annual National Masters Sports Meet since 2015 to 2018 and showed a very good performance.

In the Singapore Masters Open Track and Field Championship - 2015, he represented the country in the 65-plus category and bagged the Silver Medal in 400 Metres Running, was placed fourth in discus throw and stood fifth in 5-km Walking Race.

In 2018, he participated in the 5th Sri Lanka Masters Athletics Championship and bagged Silver Medal in 5-km Walking Race.

Diddapura has participated in several Road Races in Mysuru and has won several gold, silver and bronze medals.

In Dasara Athletics Meet-2015 and 37th National Veterans Athletics Meet-2016 held in city, he had the distinction of carrying the Sports Torch.

Apart from these, he has also won the first place in the Chamundi Hill Climbing Contest in the 65 and Above category, organised by Jana Jagarana Trust in 2017.

He is the eldest son of late C.S. Nanjundaradhya and late Mallajamma of Agrahara. He has worked as a labourer, a lorry driver and an autorickshaw driver for nearly 40 years and he has achieved success only because of his interest in athletics. Diddapura continues to practise for the upcoming veteran athletic events.

"It is very important to have good health to participate in any sport or games. There should not be any limits in food intake. Every day I do two hours of physical exercise. Even though I am 67-years-old, I still participate in all the sporting events like a young man.

— Vishweshwara Aradhya Diddapura, International Veteran Athlete

Hockey brings joy

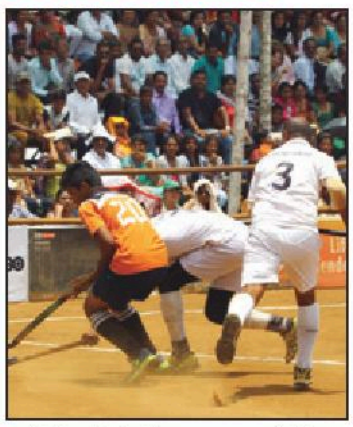
to flood-ravaged Kodava families

Napoklu (Kodagu), Apr.26- Terming the decision to drop the traditional Kodava family hockey tournament this year in the wake of last year's natural calamity that ravaged Kodagu district as a wrong move, Kodagu Press Club President Ajjamada Ramesh Kuttappa has regretted that the 22-year-old record of the tournament has been broken.

The annual Kodava Hockey Festival, which is usually held in the months of April and May every year, was called off for 2019 by Kodava Hockey Academy and Mukkatira family as floods ravaged the district. The month-long tournament was supposed to be hosted by Mukkatira family and was scheduled to be held at Balugodu Kodava Samaja grounds. The hockey festival in 2020 will be hosted by the Mukkatira family followed by Adengada family in 2021.

Kuttappa was speaking as the chief guest at the Invitational Hockey Tournament organised by Kakkabe's Highland Club for flood-affected families at General K.S. Thimayya Stadium near Napoklu Cheriyaparambu recently.

Regretting that the Kodava Hockey Academy has lost its existence by failing to host Kodava Family Hockey Tournament that was being organised for the past 22 years without a break, he lauded Kakkabe Highland Club for hosting the tournament which has brought some joy to flood-ravaged families.



A file photo for representation

Kodava Hockey Academy Vice-President Kaliyanda Nanaiah, who spoke after inaugurating the tournament, said that Kodagu is home to hockey festivals and several sports personalities from the district have made a mark in international tournaments.

He thanked the organisers for hosting the tournament for families ravaged by the natural calamity that stuck Kodagu last year. Bhagamandala Bhagandeshwara Temple Committee President Biddatanda Thammaiah and Nadikerianda Tej Poovaiah too spoke. Highland Club President Apparanda Sagar Ganapathy presided. Shambhu Mandappa, Harish Poovaiah, Manu Somaiah, Aruna Baby, Dr. Poovaiah, Raghu Somaiah and others were present.

Lift facility for nearly century-old Mysore Medical College

Mysuru, Apr.26 (RK&NNN)- Mysore Medical College and Research Institute (MMC&RI) previously called as Mysore Medical College will be having a lift facility soon.

The PWD has taken up the work of installing the lift and the work is in progress. The civil works is estimated to cost Rs.11 lakh and the cost of lift and electrical works is estimated at Rs.36 lakh. The contract has been awarded through tender process.

The work will be completed in one month's time, said the sources in the Electrical Department.

The Institute which will be entering its centenary year shortly is also proud of its heritage building. In the first floor, it houses the Dean and Director's office, Chief Administrator's office, Administration office, laboratories, classrooms and auditorium. Hence, to facilitate the Professors, staff and students to reach the first floor easily, a lift is being installed to the first floor near the main entrance to the college.

Works pertaining to the installation of lift in progress at the College's main entrance.

Rush at MUDA counters to pay property tax

Mysuru, Apr.26 (RK&NNN)- There is a mad rush at the Mysuru Urban Development Authority (MUDA) Spandana Counters and Vijaya Bank MUDA branch at the same premises, as people are queuing up to pay property and house taxes.

As this is the last month, people who own property in the MUDA limits have come forward to pay the taxes. They have to show the tax paid receipt of the previous year and stand in one of the four Spandana Counters and get the challan. Since it is the last week of the month, there is more rush and hundreds of people are queuing up at the counters. After getting the challans it is a common sight to see that they again have to stand in the queue in the Vijaya Bank branch in the MUDA office itself to pay the tax.

The counters are open from 10 am to 4 pm to get the challan and pay the tax. As there is huge rush, more counters are opened for the benefit of the tax payers, said MUDA Commissioner P.S. Kantharaju.

April and May are the months when taxes are paid and as a result there is more rush. Since the Urban Development Act that is applicable to the MUDA properties, there is no scope for offering any rebate, he said.

MCC to ease drinking water crisis in city

Deploys 42 water tankers during this summer

Mysuru, Apr. 26(MTY&SR)- The Mysuru City Corporation (MCC) has deployed 42 water tankers to supply drinking water to affected areas of the city this summer.

Following complaints of disruptions in water distribution system in the past one month, MCC has been supplying water through Vani Vilas Water Works (VVWW).

Speaking to *Star of Mysore*, MCC Commissioner Shilpa Nag said that areas outside Outer Ring Road, pockets of upper areas including Vijayanagar, Kyatamaranahalli, Vidyanagar, Alanahalli are severely affected. However, MCC has taken all measures to ease the crises by supplying water through tankers to these areas, she added.

She further said that 250 MLD of water from Cauvery and Kapila Rivers was being pumped from all Pumping Stations daily but only 180 MLD of water is reaching the city. Nearly 15% of water is lost during purification process.

Steps have been taken to prevent water leakage from the water pipes from the water treatment plants to city, she said and added that plugging of leakage points in the pipeline would be taken up immediately if found.

Works on laying of new pipeline has been taken up from Melapura Pumping Station to Mysuru city which would help to get an additional 8 MLD of water to ease the drinking water problem, the MCC Commissioner said and added that pumping of water has not been stopped due to the works besides stating that all the pumps in the pumping stations were in good condition..

Shilpa Nag further said that sand bags are placed across Cauvery River at Megalapura so that more water could be stocked and pumped easily.

Shops selling banned plastic bags raided

Plastic carry bags weighing about 90 kg seized

Mysuru, Apr. 26 (RKB&KS)- Many shops across the city, which were selling plastic carry bags despite being a ban on selling these items were raided by the officials of Mysuru City Corporation (MCC) yesterday and a total of about 90 kg of plastic carry bags have been seized from the shops.

Acting on a tip off, the MCC officials comprising Environmental Engineer Mythri, Health Inspector Yogesh and staff, who were led by MCC Health Officer Dr. Nagaraj, raided shops at Mannars Market in Shivarampet, shops at Nanjumalige in MCC Zone 2 and other places and seized the banned plastic carry bags weighing about 90 kg. The MCC officials have issued warning to the shopkeepers not to sell the banned items in future, failing which stern action would be initiated against them (shopkeepers).

Dr. Nagaraj said that they as the officials were held up with the recently concluded election works, the shopkeepers had begun selling the banned items and we had received information about it.

The MCC has begun the operation on shops selling the banned items now which would continue, he added besides stating that shops which have stocked and selling the banned plastic items would be raided.

Applications invited

for horticulture crops subsidy

Mysuru, Apr.26- The Deputy Director of Horticulture, Zilla Panchayat, Mysuru has invited applications from farmers for distribution of subsidy under various State, Central and District programmes for the year 2019-20.

Nagar- Ph: 08223-262792, Nanjangud- Ph: 08221-226201, Periyapatna- Ph: 08223-273535- and T. Narasipur- Ph: 08227-260086, according to a press release.

BSP's candle light march this evening

Mysuru, Apr. 26- To pay tribute to the victims of bomb blasts in Sri Lanka, Bahujan Samaj Party (BSP) has organised a candle light march 'BSP's Walk Towards World Peace' from Sri Basaweshwara's statue near Gun House to Dr. B.R. Ambedkar's statue at Town Hall premises today (Apr. 26) at 6.30 pm, according to a press release.

Low yield: Mango prices shoot up

Mysuru, Apr.26 (SB&NNN)- This is the mango season and the hope of mango lovers that the prices would come down and they can relish the fruit has been belied as the prices are going up day-by-day due to very less yield.

Mango is considered the king of fruits and there is usually a bumper crop in the month of April. During Ugadi festival, the mangoes start appearing in the market and mounds of them are found everywhere.

However, this time the mangoes are still not found in huge quantities. Since the quantity of mangoes are less, the cost has gone up. Though in the wholesale market, malls and fruit carts the prices might be a bit less, still it is not unaffordable to most people.

In the irrigated areas, mangoes are not generally seen as they are not found suitable to grow in these areas. Hence, there are a few mango orchards found in the dry regions of Mysuru and Chamarajanagar districts.

This time due to lack of rain, unseasonal rain and weather variations, the crop yield has come down and the growers are in distress. As the crop is less in Ramanagaram, Tumkur and other areas, the supply to Mysuru has been hit. It is said that once a week passes then varieties like Badami, Raspuri and Bangenapalli will be seen in the market.

In the wholesale market, Badami is sold at Rs. 80 to Rs.140 per kg and Raspuri Rs.50 to Rs.70. The fruit cart sellers sell it at a marked up price between Rs.10 and Rs.20. As the crop has failed, not only the farmers but also the sellers are feeling the pinch. Hence, sellers have to suffer losses if the buyers are unwilling to pay a higher price.

When compared to last year, the crop this time is just 20 per cent. If the price is increased then the buyers will not come and if they come instead of two Kg they will buy just a kg, said a mango seller in the Devaraja Market.

During summer, the fragrance of mango spreads everywhere. However, this time it is not able to attract the mango lovers because of the mango drought. This has left a bitter taste in the mouth of the mango lovers, the farmers are a disheartened lot and the mango businessman's business is also affected.

Use of chemicals banned

Ripening of the fruits artificially using chemicals is a common phenomena though it is a dangerous practice. Hence, the Mysuru City Corporation (MCC) has ordered a ban on the use of calcium carbide, a chemical used to ripen the fruits. Calcium carbide, which contains arsenic and phosphorus, affects the health of human beings, adversely.

As people are aware of this practise of using chemicals to ripen the mangoes, they are reluctant to buy them from the vendors who have used the chemicals. The MCC officials have asked the vendors to instead use Ethylene gas. They have been warned of stringent action if they continue to use banned chemicals like calcium carbide.

Akram Pasha, a fruit vendor told *Star of Mysore* that MCC has issued a warning not to use chemicals but use Ethylene gas to ripen the fruits naturally.

Tomato prices skyrocket in city

Mysuru, Apr.26 (MK&NNN)-The prices of tomato which is used almost daily in cooking has shot up thus hitting the common man.

Tomato which was sold at Rs.10 a kg is now being sold at Rs.40 to Rs.50 a kg. The summer heat is said to be responsible for this price hike. If in the coming days, the temperature goes up as predicted, then the price might go up further.

With the raise in temperature and the earth going dry, it started raining which in turn resulted in the tomatoes rotting on the plant itself. As a result, the quantity of tomatoes entering the market has gone down which has resulted in increase in prices, said Subramanya, a tomato seller at Devaraja Market to *Star of Mysore*.

Prices of vegetables also shoot up: The prices of other vegetables along with tomato have also gone up. The price of ridge gourd (heerekai) is Rs.30 a kg, beans Rs.60, capsicum Rs.60, carrot Rs.30, beetroot Rs. 30, knol kol Rs.40, potato Rs.30, ash gourd Rs.25 to Rs.30, onion Rs.15 to Rs.20. Coriander leaves which was at Rs.2 to Rs. 5 a bunch is now being sold at Rs. 20 a bunch.

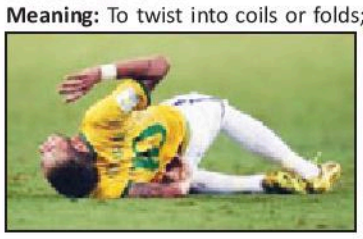
WORD OF THE DAY

Writhe

Pronunciation: rīth
Meaning: To twist into coils or folds; to twist (the body or a bodily part) in pain.



Origin: Writhe wound its way to English from the Old English verb wrīthan ("to twist") and is akin to the Old English verb wrigian ("to turn or go"). Wrigian gave us our words wriggle, awry and wry. When something wriggles it twists from side to side with quick movements, like an earthworm. When something goes awry, its twists or winds off course, or toward catastrophe. Wry can mean "bent or twisted" but now usually implies clever, ironic humour. Nowadays, writhe often suggests the physical contortions one makes when enduring crippling pain or when trying to extract oneself from a tight grasp (as an animal from a predator's claws). Alternatively, it can imply an emotionally wrenching feeling (as of grief or fear) from which one seeks relief.
Example: She lay on the floor, writhing in pain.

THE ODD WORD

Noisome

Having an extremely offensive smell.

PHRASE OF THE DAY

Say cheese

Meaning: A photographer's instruction just before taking a picture, in order to make people smile.
Origin: 'Say cheese!' must have been said to people posing for photographs as often as 'watch the birdie!' Articulating a long 'e' sound requires us to draw back our lips and bare our teeth in a grimace, which is the obvious reason for photographers using it. The question is though — why cheese and not some other word? (and, come to that, why birdie?).
Despite exhaustive etymological delving, no one has found any literal link between 'say cheese' and the meaning of the word cheese. Some have suggested that it relates to the now rather archaic term 'cheese it', meaning 'run away'. That's pure speculation and in any case; why would a photographer just about to take someone's picture encourage them to run away? However, looking up this phrase did uncover a nice punning definition of 'cheese it' in the Indiana Weekly Messenger, October 1910:
"What do boys mean when they say 'cheese it?'"
"It means that something mischievous has a curd and they want to get a whey." Nor is 'say cheese' anything to do with the American expression 'cutting the cheese' about which, if you haven't come across it before, I'll happily leave you in ignorance.

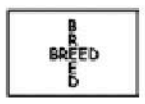
QUOTE BOX

Design is not just what it looks like and feels like. Design is how it works.

— Steve Jobs

RIDDLE THIS

Solve the picture rebus below:



Answer: Crossbreed.

SUDOKU
